Subject: Important Update on NCRIC Account Access Review

Caution: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

↑ Flock Safety

Flock Safety recently completed a review of account administration practices within our law enforcement network and identified instances where user accounts associated with the NCRIC organization did not align with our current account provisioning requirements.

As part of our ongoing commitment to protecting customer data and maintaining the integrity of the law enforcement sharing network, we have worked directly with NCRIC to ensure account access is limited to authorized NCRIC personnel and complies with Flock's policies and governance standards.

Out of an abundance of caution, we have taken steps to restrict access to

accounts that could not be validated under our current requirements while we complete the review process. This action reflects our commitment to continuously strengthening access controls and ensuring consistent application of our policies across all participating organizations.

We appreciate NCRIC's partnership throughout this process and remain focused on maintaining a secure, trusted information-sharing environment for all participating agencies.

Thanks,
Chris Colwell
SVP, Customer Experience
