Steve,

Yes, for NCRIC.. No to WISN. I'm going to forward you an email from Flock that specifically talks about the current restrictions that have been made limiting NCRIC's ability to share data. We need to do some research to see if NCRIC shared our Benicia cameras with WISN who in return shared with outside federal agencies. This may take some time to dissect.

Can you confirm whether or not flock access is made available to NCRIC and WSIN referenced in the article?
